

Alexis 27 Tabletop Laminator

The Alexis 27 is the ideal thermal laminator for educational, institutions and quick print shops that need to produce efficient two-sided encapsulated documents. With its compact design, the Alexis 27 is the laminator of choice for your narrow format needs.

Features

- Tip out table for easy access to quickly change film
- Exit hooks to reduce static cling on the material when finished laminating
- Silicon rollers permit maximum quality of output
